Summer Days are here again for southwest Oklahoma. You'll find the latest CDG's from Soundchoice in this newsletter for July and early August deliveries. If you ever want me to hold one for you and call you just as soon as it arrives, let me know. Karaoke makes the party fun and nothing is more fun than having the newest, hottest songs.

You know at the end of my newsletters I always have a discount coupon for the faithful karaoke customers that come into the store at 1816 West Gore. I have a big favor to ask this summer. We sell and lease beginning band instruments used in the public schools. If you need an instrument or know of someone that needs an instrument this next school year, I'll apply that karaoke discount coupon to the band instrument rental or band instrument supplies. It's just another way to say "thank you" to our karaoke customers. We started in the music business in 1954 renting band instruments to parents in the Ardmore area for \$10 per month. We didn't have karaoke until the mid-1980's! While many things have changed in the music business since that time, our lease rates are reasonably low in the \$15-\$25 range. Help yourself and print out the coupon. We appreciate your support. Best regards,

Dana J. Middleton

Did You Know?

Piano lessons provide three things for your child: coordination, concentration and confidence. The child develops coordination using two hands, ten fingers, and two feet making music. The child concentrates on learning a new skill with a teacher providing instructions, home support from parents and older brothers or sisters. The child learns music to perform at Christmas and spring recitals increasing their confidence. These three skills transfer to other school work as well. Expect to have better grades and learning in school. We offer traditional and digital pianos at G & G Music Company. We have an in-store piano teacher and can recommend others in the Lawton-Fort Sill community.
