September 17, 2006

School has started and high school football is in the weekend news. Karaoke is still happening too in the Lawton-Fort Sill area. You'll find some of the new releases listed below that will arrive in late September and early October. Every now and then a customer is disappointed that the version on the CDG is not the version expected. Generally, the version you get is similar to the original you heard on the radio or the CD. However, all karaoke CDG's come with the warning that it is "not the original artist rendition." If you have any question about what the song is going to have in the way of background singers and instruments played, we will gladly open the new CDG and let you hear your song before you make the purchase. This is our way of making sure you have the accompaniment track you expect, whether you are singing at home, at church or in contests around our town. I sincerely appreciate your business. Best wishes for a great fall karaoke season.

Dana Middleton, Manager
